

## Farmers Irrigation District Operation & Maintenance Technician

### **Position Statement:**

Farmers Irrigation District (FID) is actively recruiting for the position of Operation & Maintenance Technician (O&M Tech). The O&M Tech position has an array of responsibilities related to FID water conveyance and hydropower operations. These include but are not limited to assisting with operation and maintenance of irrigation and hydroelectric system operations, following safety policies, and willingness to learn and work as part of a team in a positive and professional manner.

### **About Farmers Irrigation District:**

FID serves irrigation water to just under 6,000 acres of land on the northwest side of the Hood River Valley. Over the last 30 years, FID has worked hard to modernize its infrastructure by investing over \$60,000,000 in system improvements. FID also owns and operates two Low Impact Hydropower Institute certified hydroelectric facilities which produce between 8% and 9% of the annual electricity demand of Hood River County. FID's system also includes two reservoirs, one pumping and filtration station, extensive remote monitoring using SCADA/telemetry, 70 miles of pipe in the ground, and two and a half miles of open canal.

### **Qualifications Must Include:**

- High school diploma or GED
- Must possess and maintain a valid Oregon driver's license

### **Benefits Package:**

- Competitive salary range (\$22 - \$30/hour depending on experience)
- Paid vacation, sick leave, 1 personal day, and 11 holidays
- Fully paid family medical, dental, and vision
- PERS retirement
- District phone

### **Work Schedule:**

- Monday – Friday, 7:30am to 4:00pm (full time, 40 hours/week)
- Participation in the On Call rotation requiring 24-hour availability for 7 consecutive days, approximately once per month

Applications accepted until Friday, March 21<sup>st</sup> at 4:00 pm.
